Hi Friends,

Good morning from a warm Buenos Aires though winter has begun. Lots to share with you to both praise God for answered prayer as well as new requests to be lifting up.

- We wanted to update you that our friends from Fatima are in a much better place. The youngest that was being falsely accused has been released and all charges have been dropped. His uncle as well. Now we keep praying for his dad and for their relationship. Keep our Fatima small group in prayer.

- We also praise God for a wonderful time with a youth group that came to serve with us. It was a amazing to watch every piece of each day to fall into place and God work both in their lives, ours and those they served. We especially were thankful they were invited into our kids school for a cultural exchange. His light was shown bright and all the teachers still come and talk to us about that time.

- Today, we have a women's event in Palermo where many new ladies will be attending and Kyle will be in the shanty town setting up the lights for the sports ministry with his team. We are thankful for a recent donation that has made all the purchases for this new ministry possible! Pray as both Kyle and I serve in the different parts of the city. Pray for our kids who are in the midst of midterms and parents with a busy weekend!

- Lastly, pray as we prepare for a second mission trip arriving Friday. Pray God would prepare all of us for this special time. We thank God for one member who has arrived early to serve a month with us. We pray that seeds are planted and calls are made real as each person visits and serves at La Mision! Pray for our health and energy level.

Thank you again for walking, praying and rejoicing with us! He is good!

Blessings,  
Kyle and Claudia
